

HEROES Act (H.R. 6800) Advocacy Toolkit

Background

On May 15th, 2020, the U.S. House of Representatives drafted and passed [H.R. 6800](#), most commonly known as the HEROES Act. This \$3 Trillion dollar relief package seeks to provide economic relief to all Americans through several provisions.

In order to understand the potential impacts of the HEROES Act, HOPE created a [POLICY CROSS WALK](#) outlining pertinent provisions based on HOPE's Policy Agenda.

Additionally, HOPE submitted a letter to Senator Harris and Senator Feinstein in support of the HEROES Act, specifically 3 provisions that will support the recovery and relief to Latinas in California.

HEROES Act Current Status

Many advocates, organizations and elected officials across the country are hopeful that the U.S. Senate consider and pass the HEROES Act once in session. Due to the uncertain political climate, many have adjusted advocacy strategies to include either 1) Full Support of the HEROES Act and/or 2) Outlining priorities/provisions that will mitigate the economic impacts of COVID-19.

Advocacy

Call or write your U.S. Senator to express support for the passage of the HEROES Act today!

You can use this [DRAFT TEMPLATE](#) or customize one on your own.
